30th October 2012

Dear Esat,

Further to our correspondence in March this year, I am happy to say that we are now relocated at new premises and will soon be in a position to 'exchange' classes as planned. I can offer three alternatives:

1. Indian Dance
2. Introduction to Hindi Language
3. Introduction to Chess

In return we would truly appreciate a traditional folk dance or craft workshop.

I feel that this mutual exchange of cultural activities & skills would be of great benefit to our students, both on a personal level and in improving cross-cultural relations.

As I said in my speech at your end-of-year presentations, we value this partnership with Nene Tereza and look forward to many more joint ventures in the future.

Congratulations, once again, on gaining the Gold Quality Framework Award. I hope you would be willing to mentor us along our journey of development.

Warm regards

Devina
